"Little Golden Christmas" Album**Teacher: Debby Schuh****Cost: \$60**

It's that time of year again - when we think ahead to the holidays and all the memories we will capture during the Christmas season. This year in my annual Christmas album class we will be making a darling book using the Little Golden book, "The Night Before Christmas" as the foundation of our project. We'll take the book apart and then refashion it with Christmas papers from five different companies, making interactive pages with fold-outs and pockets and page protectors and a variety of embellishments to fill our books with nostalgic whimsy! Your book can be used as a daily album in December and to collect the special memories throughout the season. Student supply list: Please bring the following items to class... 12" paper trimmer, pencil, ruler, scoring tool, scissors, strong tape adhesive, regular tape runner adhesive, Crop a Dile, Distress Ink (I use Vintage Photo Distress Ink), ink blending tool, non-stick craft mat, sanding tool, stapler or Tiny Attacher, Glossy Accents or glue dots.

"A Good Year" Planner/Organizer Album**Teacher: Debby Schuh****Cost: \$70**

The new year is the perfect time to get organized: to have a central place where all your information can be stored and to keep track of your busy schedule. The cool thing about the album that we will make in this class is that at the end of the year you will be able to turn it into a year-in-review book, if you'd like. The planner/organizer can be started at any time during the year - it's never too late to get organized! Using new products from the Basic Grey Capture collection, Maggie Holmes' Flea Market Collection, and several other companies, we'll make a notebook that is both pretty to look at and filled with several sections to organize your days - it will even have a section to organize your photo information. If you are like me, you are over-whelmed with keeping track of which photos have been downloaded from your various devices, which have been uploaded to a printing service, and which ones you have actually ordered. The sections of your book are customizable - you can include your calendar, birthdays, household information, addresses, Christmas card list ... whatever you would like to use it for! The kit for this class is huge - I ordered everything I wanted to use in my new planner/organizer, and I'm looking forward to sharing it with you! Student supply list: Please bring the following items to class... 12" paper trimmer, pencil, ruler, scoring tool, scissors, strong tape adhesive, regular tape runner adhesive, Crop a Dile, Distress Ink (I use Vintage Photo Distress Ink), ink blending tool, non-stick craft mat, sanding tool, stapler or Tiny Attacher, Glossy Accents or glue dots, scallop scissors. Optional: Instead of the Crop a Dile - 1/4" WeR MemoryKeepers Power Punch and 1/16" Power Punch, standard adjustable 3 hole punch.

"Celebrate Every Day" Journal**Teacher: Debby Schuh****Cost: \$60**

In Debby's newest class, we will be creating a very special little book - doing what she loves best: combining clever techniques and unexpected materials with an inspirational subject to make a sweet journal that is full of techniques for your scrapbooking, bookmaking, and other paper-crafting projects. In class we'll make the 9" x 6" book from scratch using an everyday dry erase board and filling it with charming pastel papers and embellishments from the brand new Dear Lizzy's Polka Dot Party collection and October Afternoon's Public Library collection. There will be lots of spots for journaling - for recording both the things you can celebrate every day AND the everyday things you can celebrate! It is a perfect place to record a glimpse of your everyday life today. Student supply list: Please bring the following items to class... 12" paper trimmer, pencil, ruler, scoring tool, scissors, tape runner adhesive, Crop a Dile, foam squares, Glossy Accents or glue dots, scallop scissors, stapler or Tiny Attacher.
